EXHIBIT 17

Appendix X5 -- Selection of Applications that Disclosed Use of Multiple Analytics Services

App Name	Privacy Policy	Analytics Usage Information
2 Player Games : the Challenge. Moreno Maio.	https://www.jindoblu.com/privacy-policy-jungle-frog/	Unity Analytics Google Analytics for Firebase
AARP Now. AARP.	https://www.aarp.org/about-aarp/privacy-policy/	Our analytics providers for websites and apps, primarily Adobe and Google Analytics, may collect Personal Information associated with your visits to our websites and use of our apps in order to assist us with analyzing and assessing our digital properties.
Acrostics â€" Crossword Puzzle. Severex.	https://severex.by/privacy/	We share some of the data about you with companies performing services for us, analytics and data providers, your social media providers, companies helping us run promotions and surveys, and advertising companies who help us promote our Apps (like Facebook, Firebase, OneSignal)
Angel Studios. Angel Studios, Inc..	https://www.angel.com/legal/privacy	Google Analytics / Facebook Facebook Pixels and Target Group Formation (Custom Audiences) Hotjar
AnyDesk Remote Desktop. AnyDesk Software GmbH.	http://anydesk.com/privacy	Services and service providers used *** Google Analytics
Authenticator App â€". Greysh Co., Ltd..	https://www.greysh.cn/privacy.html	Google Analytics. The Website uses a tool called "Google Analytics" to collect information about use of the Website. Firebase Analytics. We also use "Google Analytics for Firebase". By enabling this tool, we enable the collection of data about App Users, including via identifiers for mobile devices (including Android Advertising ID and Advertising Identifier for iOS), cookies and similar technologies. AppsFlyer. We use a tool called "AppsFlyer", a mobile attribution and marketing analytics platform to understand the use of our services.
AUTODOC: online car parts shop. Autodoc AG.	https://www.autodoc.co.uk/services/privacy-policy	Our website uses Google Analytics, a web analysis service of Google LLC, 1600 Amphitheatre Parkway, Mountain View, CA 94043, USA ("Google"). According to Google, the point of contact for all data protection concerns is Google Ireland Limited, Gordon House, Barrow Street, Dublin 4, Ireland. This website uses Yandex Metrica, a web analysis service of Yandex LLC, 16 Lva Tolstogo str., Moscow, 119021, Russia (www.yandex.com), which is offered by Yandex Oy Limited Company
Beauty Care!. RUBY OYUN VE YAZILIM DANISMANLIK.	http://rubygamestudio.com/privacypolicy.html	Our analytics providers. We use third-party analytics such as Unity, Firebase, Tenjin, Gameanalytics for the purposes of delivering our services, conducting analysis, and research.
BetterSleep: Relax and Sleep. Ipnos Software Inc..	https://www.ipnos.com/privacy-policy/	In addition to using AppsFlyer for analytics, we also use Iterable, Facebook SDK and Mixpanel to measure our performance and to help increase the performance of our ad campaigns. These third parties provide us with analytics for our Websites and Apps, which can then be used to segment users based on demographic information, custom events and user or session activity as part of our interest-based advertising activities. We also use analytics to learn about how we can improve our site and App and offer more services and functionality that may interest you. We also use Google Analytics Demographics and Interest Reporting to better understand our websites' performance. Google Analytics uses third party cookies to get information about how you arrived on our website, the search terms which were leveraged, the time of your visit, etc.
b-hyve. Orbit Irrigation.	https://www.orbitonline.com/about/privacy	Google / Shopify
BitLife - Life Simulator. Candywriter, LLC.	http://www.candywriter.net/ppolicy.pdf	The following are our third-party service providers: [...] AppsFlyer (Attribution/Analytics) [...] Flurry (Analytics)
BodyFast: Intermittent Fasting. BodyFast GmbH.	https://www.bodyfast.de/privacy	2.16 GOOGLE ANALYTICS 2.18 FACEBOOK PIXEL, CUSTOM AUDIENCES AND FACEBOOK CONVERSION 2.24 APPSFLYER 3.4 GOOGLE FIREBASE
boohoo-Fashion Shopping Online. Boohoo.com UK Limited.	http://www.boohoo.com/restofworld/privacy-policy/pcat/privacy	We use a range of analytics and targeted advertising tools to display relevant website content on our website and online advertisements on other websites and apps (as described above) to you, deliver relevant content to you in marketing communications (where applicable), and to measure the effectiveness of the advertising provided. For example, we use tools such as Google Analytics to analyze Google's interest-based advertising data and/or third-party audience data (such as age, marital status, life event, gender and interests) to target and improve our marketing campaigns, marketing strategies and website content. We may also use tools provided by other third parties, such as Facebook, Content Square, Adroll, Responses, Criteo and Bing to perform similar tasks, using your Contact, Technical, Usage and Profile Data.
boohooMAN: Shop Menâ€™s Clothing. Boohoo.com UK Limited.	http://www.boohooman.com/page/privacy-policy.html	We use a range of analytics and targeted advertising tools to display relevant website content on our website and online advertisements on other websites and apps (as described above) to you, deliver relevant content to you in marketing communications (where applicable), and to measure the effectiveness of the advertising provided. For example, we use tools such as Google Analytics to analyze Google's interest-based advertising data and/or third-party audience data (such as age, marital status, life event, gender and interests) to target and improve our marketing campaigns, marketing strategies and website content. We may also use tools provided by other third parties, such as Facebook, Content Square, Adroll, Responsys, Criteo and Bing to perform similar tasks, using your Contact, Technical, Usage and Profile Data.
Brain Test: Tricky Puzzles. UNICO STUDIO.	https://unicostudio.co/privacy.html	Analytic companies: that provide us with tools and technologies that allow us to better understand how users interact with our services and will help us improve it. You will find a list of our analytical partners hereafter: Adjust - https://www.adjust.com/terms/privacy-policy/ Firebase - http://www.google.com/intl/en/policies/privacy/ Google Analytics - https://policies.google.com/privacy
Breeze: Mental Health. Basenji Apps.	https://basenjiapps.com/docs/privacy_policy	Facebook / Google Analytics
CA Lottery Official App. California Lottery.	http://www.calottery.com/privacy-policy	The Lottery permits third-party analytics providers, such as Google or Facebook Analytics, to use cookies and anonymous identifiers to collect and process certain non-personally identifiable information.
Carpin - Find Family & Friends. Monoyoga Yazilim Anonim Sirketi.	http://monoyoga.net/privacy_en.html	The app does use third party services that may collect information used to identify you. Link to privacy policy of third party service providers used by the app - Google Play Services, Google Analytics for Firebase, Firebase Crashlytics, Facebook, One Signal, Adjust

Appendix X5 -- Selection of Applications that Disclosed Use of Multiple Analytics Services

App Name	Privacy Policy	Analytics Usage Information
		For improving the App and serving ads, we may share this data with third parties. Such parties include Facebook, Google, Amplitude, Appsflyer, Firebase, Crashlytics, Amazon Web Services. As a result of sharing this data with third parties we (1) analyze different interactions (how often users make subscriptions, the average number of duplicate content removed by users); (2) serve ads (and are able to show them only to a particular group of users, for example, to subscribers).

FOR WHAT PURPOSES WE PROCESS YOUR PERSONAL DATA

3.5 To research and analyze your use of the Service *** To track and analyze behavior of our App's users (in particular, how they react to changes of the App structure, text or any other component), we use Firebase Remote Config. Firebase Remote Config is an A/B testing and configuration service provided by Google, which also enables us to tailor the content that our App's users see (for example, it allows us to show different onboarding screens to different users). Privacy Policy and Privacy and Security in Firebase. *** We also use Firebase Analytics, which is an analytics service provided by Google. In order to understand Google's use of data, consult Google's partner policy. Firebase Privacy information. Google's Privacy Policy. |
| Cleaner Guru: Cleaning App. GM UniverseApps Limited. | https://universeapps.limited/cleaner/privacy.html | To perform standard product analysis, we also use Fabric Answers, which is an analytics service provided by Crashlytics, a business division of Google. Data Processing and Security Terms. Privacy information. |
| Cleanup: Clean Storage Space. Codeway Dijital Hizmetler Anonim Sirketi. | https://cleanup.photos/privacy | Codeway may also transfer your personal data to services providers of our Company, third parties such as Facebook SDK, Adjust and Firebase Analytics which are embedded into our service for the following purposes:

Sharing communication and transaction security information with authorised public institutions and organisations for the purpose of execution of activities in compliance with legislation, monitor and execution of legal affairs, informing authorised persons, institutions and organisations.
Sharing contact information to manage after-sales support services, conduct business activities and manage customer relationship management processes. |
| Clearpay | Buy Now. Pay Later. Afterpay. | https://www.clearpay.co.uk/en-GB/privacy-policy | Analytics providers, to understand how you engage with our Services to help make them better for you and for everyone. For example, we partner with third-party analytics providers, like Google, to help us understand how you use our services so that we can improve our customer experience. |
| Coin Master. Moon Active. | https://static.moonactive.net/legal/privacy.html | We use the standard analytics tools of Google Analytics and may use other analytics tools from time to time. |
| | | Analytic companies: that provide us with tools and technologies that allow us to better understand how users interact with our services and will help us improve it. Those partners also usually collect data via their own SDKs. You will find a list of our partners implementing analytical SDKs through our applications hereafter:

Adjust - https://www.adjust.com/terms/privacy-policy/

Crashlytics - https://policies.google.com/privacy

Firebase - https://policies.google.com/privacy

GameAnalytics - https://gameanalytics.com/privacy/ |
Collect Em All! Clear the Dots. Voodoo.	https://www.voodoo.io/privacy	Mixpanel - https://mixpanel.com/legal/privacy-policy/
Color by Numberï¼šColoring Games. Fun Games For Free.	https://wildlifestudios.com/privacy-policy/	Google Analytics / LinkedIn Analytics / Hotjar
Color Pop AI - Coloring Games. MWM.	https://www.mwm-apps.com/legals/procolor/policies	Adjust/Google/MixPanel
Color Widgets. MM Apps, Inc..	https://mmappsinc.com/privacy	Analytics: We use Firebase Analytics from Google Inc. to provide us information that improves Color Widgets. We do not use identifiers linked to your identity when sending analytics, as all data is generalized. The analytics data is subject to Google's Privacy Policy.
Connect IQâ„¢ Store. Garmin.	https://www.garmin.com/privacy/global/	Monitoring and Analytics
We collect data from users about their usage of our products, services, websites, and apps. The types of analytical information that are collected include the date and time of access to our servers, software or firmware version, the location of the device, language setting, what information and files have been downloaded, user behavior (e.g., features used, frequency of use), device state information, device model, hardware and operating system information, and information relating to how the product, service, website, or app functions. Garmin uses this data to improve the quality, security, and functionality of our products, services, websites, or apps; to develop and market products and features that best serve you and other users; and to help identify and fix stability issues and other usability problems as quickly as possible.

The legal ground for processing this analytical information is our legitimate interest in understanding how our customers interact with our products, services, websites, and apps so we can enhance user experience and functionality.

Here are examples of third-party providers we currently use:

Google: Google Analytics is used to track statistics and user demographics, interests, and behavior. Find out more information about how this analytics information may be used, how to control the use of your information, and how to opt out of having your data used by Google Analytics.

Azure Application Insights: Azure Application Insights, a Microsoft service, is used to help us better understand usage to improve user experience.

Microsoft App Center; Firebase (Crashlytics): Microsoft App Center, formerly known as HockeyApp, and Firebase (Crashlytics), a Google service, are used to help us better understand usage to improve user experience and to identify and resolve the root causes of crashes or errors.

Flurry; Amplitude: Flurry and Amplitude are used to help us better understand usage to improve user experience. |
| Count Masters: Crowd Runner 3D. Freeplay LLC. | https://freeplay.io/games/ios/privacy/ | The following categories of recipients (third-party providers and advertising partners) may be engaged by us in the processing of your information for a variety of business purposes (namely to provide us with the necessary infrastructure for the delivery and improvement of our App, and to perform App-related services):

Google LLC -Analytics / Ad Management Service Provider

AppsFlyer Inc. - Analytics Service Provider

Facebook (Meta Platforms, Inc.) - Analytics / ad management service provider

Rollbar, Inc - Analytics Service Provider

Unity Technologies, Inc. - Analytics / Ad Management Service Provider |

		3.5. Software Development Kits (SDK). Besides the data processors listed above, your data may be processed by other companies through SDK technology (they are also processors of your data). SDK are programming packages or libraries of code of one service incorporated in mobile applications of another service, so these applications could work on or with a specific platform of the SDK owner. Please consider the following information about them:
		Name of SDK
		Supplier
		Data that SDK may collect
		Purpose we use the data with
		Firebase Analytics Software Development Kit
		Google LLC
		Number of users of our applications and sessions; session duration; operating systems of users' devices; device models; geography; first launches date; number of the app opens; app version and updates; data on in-app purchases
		We use Firebase Analytics to analyze active users' number, support users from different regions and provide proper work of various versions of the application, as well as to develop and optimize the application and make our services more relevant for you
		Firebase Crashlytics Software Development Kit
		Google LLC
		Crashlytics Installation UUIDs; Crash traces; Breakpad minidump formatted data
		We use Firebase Crashlytics to trace crashes of the App; it helps us debug crashes.
		Firebase Performance Monitoring Software Development Kit
		Google LLC
		General device information, such as model, OS and orientation, RAM and disk size, CPU usage, Carrier (based on Mobile Country and Network Code), Radio/Network information (for example, WiFi, LTE, 3G), Country (based on IP address), Locale/language, App version, App foreground or background state, App package name, Firebase installation IDs, Duration times for automated traces
		We use Firebase Perfomance Monitoring to calculate the number of unique Firebase installations that access network resources, to ensure that access patterns are sufficiently anonymous. Additionally, we use IP addresses to map performance events to the countries from which they originate.
		Facebook Audience Network Software Development Kit
		Facebook Inc.
		Device identifiers, including your IP address, iOS Identifier for Advertising (IDFA), iOS Identifier for Vendors (IDFV), Android Advertising ID, and a Fb-specific identifier; your precise geo-location, when location services have been enabled for an app on your device that has integrated the Fb SDK and APIs; demographic information (e.g., your age or gender) or information about your interests; information about your device, including the type and model, manufacturer, operating system (e.g., iOS or Android), carrier name, mobile browser (e.g., Chrome, Safari), and screen size; information about your app usage; information about ads served, viewed, or clicked on, including the type of ad, where the ad was served, whether you clicked on it, and whether you visited the advertiser's website or downloaded the advertiser's app.
		We use Facebook Audience Network to show you more relevant ads that will not annoy you.
		Facebook Login Kit
		Facebook Inc.
		Information about your device, websites you visit, purchases you make, the ads you see, and how you use their services; information about your online and offline actions.
Hily - Dating. Meet New People. Hily Corp..	https://hily.com/privacypolicy?apps	We use Facebook to enable you to login with your Facebook acc

Home Fitness for Weight Loss. MONTIBUS LTD.	https://verv.com/fitness-ios-privacy-policy-1_9_8/	Appsflyer. Appsflyer is a mobile marketing platform. We may share certain non-identifiable information about you and some Personal Data (but never any data related to health without your explicit consent) in order to carry out marketing activities and provide you with better and more targeted service. We share the following data with Appsflyer: your IDFA, IP address, your user sessions, device information (model, location, OS version, CPU, screen size, etc.), application information (version, build number, etc.), information on launching, updating, installing the App. Once data is collected, it is not merged with any other data for personal identification purposes. You may choose at any time that such data shall no longer be collected in the future. If so, please simply use the opt-out option of Appsflyer. Facebook. We use Facebook as our advertising partner to display advertising in our App or to manage our advertising on other sites. We are using the following Facebook services: Ads manager, Lookalike audience, Campaign Planner, Creative Hub, Business Manager, Page Posts, Ads Reporting, Monetization Manager, Pixels, Audience Insights. We use Facebook's Software Development Kit (SDK) within our apps in order to link various Facebook services with our apps. For example, this enables users to share content from our apps within their Facebook timeline. Further information about the Facebook SDK within iOS can be found here. We may share certain non-identifiable information about you and some Personal Data (but never any data related to health without your explicit consent) for the purposes described above, including to carry out marketing activities and provide you with better and more targeted service. We share the following data with Facebook: your IDFA, your user sessions, device information (model, location, OS version, CPU, screen size, etc.), application information (version, build number, etc.), information on launching, updating, installing the App and attribution source. Learn more about Facebook ads here. Facebook may use data we provide for its own advertising purposes in accordance with the Facebook Data Policy. Firebase. Firebase is an analytics product from Google, Inc. that allows us to track crashes of the App, monitor events in the App, provide us stats regarding the use of the App. To track and analyze behavior of our App's users (in particular, how they react to changes of the App structure, text or any other component), we also use Firebase Remote Config. Firebase Remote Config is an A/B testing and configuration service provided by Google, which also enables us to tailor the content that our App's users see (for example, it allows us to show different onboarding screens to different users). Firebase may collect certain device identifiers in order to understand on what devices and under which circumstances particular incidents and events happen. We share the following data with Firebase: your IDFA, data on installing the App, your actions in the App (for example, tapping particular buttons like whether to receive notifications or not), including actions with additional parameters, opening particular screens, starting and cancelling a trial period, starting and cancelling subscription, passing the onboarding screen, completing registration, different technical events (for example, whether you have read a manual or not). We never share with Firebase data related to health without your explicit consent. Read about Privacy and Security in Firebase here.
I am - Daily Affirmations. Monkey Taps.	http://monkeytaps.net/privacypolicy.htm	Facebook Ads conversion tracking, Facebook Analytics, Google Analytics for Firebase, MixPanel , Flurry Analytics and Google Ads
Impulse - Brain Training. GMRD Apps Limited.	https://brainimpulse.me/privacy_policy.html	For improving the app and serving ads, we use third party solutions. The information stored by these cookies can be seen only by the relevant teams at SportsDirect and Google and never shows any confidential information, we also use Google Analytics to track the performance of our website.
Square Go â€" The Booking App. Square, Inc..	https://squareup.com/us/en/legal/general/privacy	Our analytics partners help us with our online services, such as Google Analytics, Facebook, BugSnag and Crashlytics
Square Point of Sale (POS). Square, Inc..	https://squareup.com/legal/privacy/	Our analytics partners help us with our online services, such as Google Analytics, Facebook, BugSnag and Crashlytics. The analytics providers that administer these services use technologies such as cookies, web beacons, and web server logs to help us analyze how you use our online services.
Square Team. Square, Inc..	http://squareup.com/legal/privacy	Our analytics partners help us with our online services, such as Google Analytics, Facebook, BugSnag and Crashlytics.
Squeezy. Living With Ltd.	https://www.squeezyapp.com/privacypolicy/	Analytical/performance cookies. They allow us to recognise and count the number of visitors and to see how visitors move around our Platform when they are using it. This helps us to improve the way our Platform works, for example, by ensuring that users are finding what they are looking for easily. Google Analytics - Used to distinguish users. Infusionsoft - Used to associate a unique ID to other relevant information Sentry - Used to distinguish users. The app does use third party services that may collect information used to identify you.
Sticker Maker Studio. Tamara Vardanyan.	https://getstickerpack.com/privacy-policy	Link to privacy policy of third party service providers used by the app *** Google Analytics for Firebase
Stocard - Loyalty Cards Wallet. Stocard GmbH.	http://stocardapp.com/privacy	a) Mixpanel: we use Mixpanel in our app - a service offered by Mixpanel Inc. (Mixpanel), 405 Howard Street, Floor 2, San Francisco, CA 94105, USA to collect technical data from our app and website in a pseudo-anonymous manner so that we can better understand how users interact with our app. Mixpanel is used to be able to better understand and track activities within the app as well as to inform you based directly on your activities. You can find more information about Mixpanel at https://mixpanel.com/terms. You can opt out of this data processing at any time through https://mixpanel.com/optout. b) Firebase Analytics: We use the "Firebase Analytics" analysis service from Google Inc. (Google), 1600 Amphitheatre Parkway, Mountain View, CA 94043, USA. Firebase Analytics is designed to record how users interact with an app. Events are recorded such as the initial opening of the app, uninstallation, update, crash or frequency of use of the app. The events can be used to record other user interests as well, for example, for certain functions of the applications or certain topic areas. User profiles can also be recorded, which can be used as a basis for the illustration of advertising customized for users. Google is certified under the Privacy Shield agreement and offers a guarantee to comply with the European data protection regulations. You can view the privacy policy from Google here: https://www.google.com/policies/privacy. If you would like to opt out of this data processing, you can use the settings and opt out options provided by Google at https://www.google.com/ads/preferences. c) AppsFly Software Development Kit (SDK): we use the AppsFlyer Software Development Kit (SDK) from AppsFlyer Ltd. within our app. 141 5th Avenue Suite 9, New York, NY 1001, United States. AppsFlyer allows for different evaluations regarding the success of our advertising campaign and the installation of the app. Our app sends anonymous data and information that the app was started to AppsFlyer for this purpose. An anonymous advertising ID serves as a pseudonym. Only statistical analyses are created through AppsFlyer. We, therefore, do not have any information about the user's identity. AppsFlyer is certified under the Privacy Shield agreement and offers a guarantee to comply with European data protection regulations. You can find more information about the AppsFlyer SDK at https://www.appsflyer.com/product/data-privacy You can opt out of this data processing at any time through https://www.appsflyer.com/optout. d) Facebook Software Development Kit (SDK): in our app, we use the Software Development Kit (SDK) from Facebook Inc. (Facebook), 1601 S. California Ave, Palo Alto, CA 94304, USA. The Facebook SDK allows different types of evaluations on the installation of the app and regarding the success of the advertising campaign. Additionally, individual activities (events) from the user within the app can be analyzed to be able to define the target group for advertising campaigns in a more precise and better manner. Our app sends anonymous data to Facebook and the information that the app was started for this purpose. The advertising ID provided by the end device's operating system serves as a pseudonym. In the case of our app, however, the advertising ID does not serve to optimize advertisements through Facebook for the user, but rather is discarded by Facebook, because our app has prevented the use of the advertising ID for optimized advertising purposes by Facebook. We, therefore, do not have any information about the user's identity. Facebook is certified under the Privacy Shield agreement and offers a guarantee to comply with the European data protection regulations. You can find out more information about the Facebook SDK under iOS at https://developers.facebook.com/docs/ios. For Android here: https://developers.facebook.com/docs/and. If you would like to opt out of this data processing, you can use the settings and opt out options provided by Facebook under https://www.facebook.com/ads/preferences/edit.
Stretching & Flexibility: Bend. Bowery Digital.	http://www.getbend.co/privacy	We use third-party analytics tools, including "Google Analytics," "Adjust" and "Amplitude" (such tools collectively referred to as "Analytics Tools") to monitor and analyze the use of Our Services and collect such usage information.
